Public Input: None

Motion by Erickson, second by Blaser to approve the minutes from December 15, 2014. motion carried.

Discussion was had on the Bow Hunting Policy. Jeremy Cords from the DNR explained Act 71 on bow and arrow or crossbow hunting. A local governmental unit may only enact or adopt a restriction that does the following: The distance (not to exceed 100 yards) from a building located on another person's land and to discharge the weapon towards the ground. No permission is needed from the City to hunt on private property. The committee thanked Mr. Cords for attending the meeting and clarifying Act 71. Motion by Erickson, second by Blaser to rescind Controlled Bow Hunting for Harvesting of Deer Policies. Motion carried. Deputy Clerk will e-mail Gregg Reimer and let him know of the decision.

Discussion was held on Carbon Monoxide Detectors for fire truck. The detector they are looking at detects 4 types of gases. The cost is \$1,500.00. A regular detector only detects Carbon Monoxide. That cost is \$300.00. Each system is warranted. It was suggested to see if you could get insurance on it in case it was lost. This is in the budget.

Back to Public Input: Some of the turnout gear is 12 years old. Each set cost from \$4,200 to \$5,000. Would like to budget enough money to buy 2 new turn out gear per year. Also need new air bottles. Need 40 of them at a cost of \$80.00 each. The Fire Department still has questions concerning the budget. The Fire Chief would like to see if Clerk Rank can come to next meeting to answer their questions.

Motion by Erickson, second by Blaser to approve Picnic License for the Finnegan Lake Walleye Club contingent on proof of insurance. Motion Carried.

Next meeting is set for February 25th at 6:00 pm.
