

CITY OF GILLETT
BOARD OF PUBLIC WORKS MEETING
July 22, 2015
Minutes

Informational meeting with Pat Virtues from Oconto County.

In attendance: Terry Nelson, Nanette Mohr, Marie Blaser, Deb Erickson, William Pecha, Marilyn Mueller, Beth Rank, and Ron Anderson.

Virtues stated they did get the City response that the City would become the responsible agent. Would remove Mar-oco portion in the agreement for the City. Amount of money lost from the grant would be significant if the City didn't sign with the County. An ordinance needs to be in place to become the responsible agent. The County does provide a clean sweep. There is a meeting August 13, 2015 for all municipalities. Recycling can go elsewhere, just need to report tonnage to the County. Virtues said he could work out an agreement to have our recycling go elsewhere but will have the County remain the responsible agent. Agreement would last 2-3 years. There could be charge down the road. Contract does not clarify if it would charge us. The County would have to take the recycling from the recycling center, so it would have to be separate. Virtues will get wording specific for the City. The City needs to talk to the town regarding their recycling.

Committee will meet August 4, 2015 to discuss recycling.

Beth Rank, Clerk
