### **MOTION: Mohr/Spaulding**

*Motion to approve the meeting minutes from March 24, 2021*

Voice Vote: All Voting Aye – **MOTION CARRIED**

2. Discussion and Possible Action on Ayres and Associates – Discussion on money from a Recovery Bill from Coronavirus state and local fiscal recovery funds. Funds could be designated for lost wages, new roads, new water or sewer or broadband infrastructure. Waiting on guidance. \$130,000 coming to the City from recovery funds.

3. Discussion and Possible Action on wood chipper-

Utility and Public Works Department Head informed the committee at the last meeting 3/24/21 that we need to fix our wood chipper, buy a new one, or rent, but they do not make parts for the old chipper from 1994 and he is having a hard time getting it started and safe to use. The motor is going out and a rod is worn that needs to be made by a machine shop.

Same quotes and used prices in the packet from previous meeting. Morbark Eger Beaver Gas 2021 \$31,535.88, Morbark Eger Beaver Diesel 2021 \$37,115.13, 2013 Vermeer \$13,800, 2012 Vermeer \$24,900, 2017 Morbark \$32,000, 2012 Vermeer smaller than one we have \$22,000, 2010 BC1200 \$21,900.

Discussion on buying new chipper- some feel the safety features on a new model are worth the cost, some feel a piece of equipment we use 7 times year is not worth it. Miles, gas, labor, extra rents could be up to \$15,000 a year. After time from the last meeting, members feel safety is number one, and renting is not feasible, buying new is worth our schedule. Money is already borrowed at a good interest rate from leftover road project funds.

\*Spaulding had to leave for work, called via phone for rest of meeting\* 5:08pm.

### **MOTION: Mohr/Stroik**

*Motion to purchase 2021 Morbark Eger Beaver Gas Model for \$31,535.88.*

*NOTE: The programs have not yet become operational, with many details pending rulemaking by the Treasury Department. The following information is based on the statutory text of the American Rescue Plan Act (P.L. 117-2).*
