1. Public Meeting for notice of intent serves to inform the public that the City of Gillett, Gillett Wisconsin has submitted an application for Rural Utility Services loan and/or grant with the United States Department of Agriculture – Rural Development. The City is applying for this funding in anticipation of purchasing a skid steer.

The meeting remained open for further public input which there was none.

Per Ron Anderson our current skid is 8 years old and is used almost every day. The City has gone to USDA before to purchase equipment. Parts are wearing out. There is someone interested in the old skid steer. All the accessories will work on the new one. Safety is main factor when getting a new skid steer. Will help in winter with snow removal. Trade in on old skid steer is about \$2,400. Cost for new one \$34,000. USDA grant will pay half. Will need no financing as money is in equipment fund.
